### A bit of history...

Your skipper, Adam has lived in Norfolk his whole life and has fished these waters since he was a boy. Our families come from a long line of local fishermen and further down the line, shipbuilders from Lowestoft. He fished with his father and then to add to his expertise he spent the majority of his adult life as a head chef in local hotels. Not much of a landlubber, Adam started Norfolk Fishing Trips and Charter and combined his fishing and cooking knowledge to make the perfect day out.

## For a great day out....

Enjoy the sheer exhilaration of powering across the water whilst admiring the beautiful coastline and experience some excellent off-shore fishing with skipper, Adam Wright, who knows these waters well and will take you to prime fishing spots.

We can take up to 10 passengers in comfort, each with their own fishing stations!

All trips include:

- Bait
- Daiwa rods and reels
- Tackle
- Teas/coffees

Longer trips also include:

- Restaurant quality food
- Your experienced skipper is also well known in the area as a talented chef and will freshly prepare a delicious lunch on board, served in spacious surroundings inside the wheelhouse, where you can eat, relax and admire the amazing views.

Fish you may catch (depending on the time of year)

- Mackerel
- Tope
- Cod
- Sea Bass
- Skate
- Starry Smooth Hound
- Dogfish
- Whiting
- Flat Fish
- Smooth Hounds

All sizable fish caught may be kept and taken home to eat. Tope are tagged and released.
